

Sale Name: Superior Genetics Annual Kiko Sale 2021

LOT 1 - TMK Rita 214 - NKR Reg# N19F0214TMK3

Description

Here is a very large framed daughter of Keeper's Earmark. Earmark is a relatively new sire at Triple M Kikos. Please look really hard at the photo of Earmark. He is a very well balanced large framed son of Goliath's Keeper. We are really impressed with everything we have seen out of him so far and expect him to have a really bright future. On top of being a really solid buck, he is passing color into a predominately white genetic.
