

Sale Name: Superior Genetics Annual Kiko Sale 2021

LOT 6 - GOT 444 - NKR Reg# N20F044GOT2

Description

GOT 444 is a daughter out of TMK BIG KAHUNA (MGR TITAN'S HAMMER/CVK JUNE II) and JDR B5. JDR B5 is a 9 year old doe with a perfect bag. I purchased this doe 3 years ago from Jared Dennison. Some does have a hard time adjusting to our farm especially at her age. She never missed a beat and gave us a set of triplets this year at 9 years old. When you watch this yearling doe walk in the video she is straight backed and very well build in the rear. Her current weight is 79lb.
