LOT 15 - GOT Triple S Girl 685

Description

GOT Triple S Girl 685 is a 99.8lb never dewormed doe from a buck called JFK Seer's Sweet Shasta (Triple S) and one of our best if not the best does on our farm CLP Ragin Rivers Felecia. Her weaning weight was 37lbs raised as a twin from a recip doe. I don't know if you can find another doe with this much Tasman Aristocrat in her pedigree. Triple S is line bred Aristocrat and Felicia has Aristocrat on the bottom side of her pedigree. With that being said papers are worthless without a goat to prove it. Triple S

has been used on 3 different does and the consistency is there on three sets of kids. Felecia is probably one of those once in a lifetime does. Not only is she built perfect she has the offspring to prove it. Here is a rare chance to own a bloodline that hasn't been used in years out of one of the best kiko does out there. Please reach out to JD Gibson if you have any questions regarding this lot (580) 761-8005.
